Bellagio's Conservatory & Botanical Gardens Takes a Walk on the Wild Side with Jungle-Inspired Summer Display

New Late-Night Cocktail Experience Debuts Inside the Conservatory for First Time

For high-resolution images, please visit the MGM Resorts Newsroom.

LAS VEGAS (June 23, 2026) – This summer, Bellagio's Conservatory & Botanical Gardens has transformed into a tropical paradise where exotic wildlife, lush greenery and vibrant florals bring the beauty of the jungle to life. Open through September 12, *Paradise: Nature's Most Beautiful Creations* combines cascading vines, towering palms, tranquil waters and larger-than-life animal sculptures to capture the majesty and elegance of the wild. Imagined by designer Ed Libby and brought to life by Bellagio's Horticulture team, the display celebrates the jungle and its diverse inhabitants while immersing guests in the sheer scale and artistry of the Conservatory. New this season, the Conservatory debuts **The Watering Hole**, its first-ever nightly cocktail experience featuring a curated three-course journey with handcrafted cocktails and small plates served amid the beauty of the gardens.

"*Paradise* invites guests on an unforgettable journey into an enchanting jungle world unlike anything we've created before," said Libby. "From a spectacular 40-foot-tall treehouse soaring above the Conservatory to majestic animals, stunning botanicals and epic artistry at every turn, the sheer scale of the experience is truly breathtaking. The exhibit allows visitors to leave the everyday behind and step into a captivating summer journey inspired by the beauty, mystery and excitement of the natural world."

West Bed

Magnificent elephants gather beside a watering hole in the West Bed, symbolizing wisdom, memory and deep connection amid dense greenery. Hidden among the foliage, playful monkeys swing through the canopy while tree frogs emerge between the leaves, creating moments of surprise throughout the bed. Rising above the jungle scene, **The Garden Table** offers a lantern-lit dining retreat surrounded by layered greenery, wildlife and reflective pools.

North Bed

In the North Bed, tigers wrapped in florals move through the jungle with quiet intensity, embodying strength, confidence and untamed beauty. At the heart of the scene, a magnificent 22-foot tiger lounges peacefully amid the foliage, having found a moment of rest within this lush oasis. With a gentle yawn and not a care in the world, the regal creature serves as a reminder

that even in the midst of Las Vegas' bold energy, moments of tranquility can still be found. Nearby, an energetic tiger cub explores its surroundings, playfully leaping toward cascading water, while colorful toucans perch among palm trees, bringing bursts of color and contrast to the bed.

East Bed
The East Bed celebrates connection and natural beauty through a majestic lion and playful cub resting among flowering beds and greenery. Framed by florals, the lion's commanding presence anchors the space while the cub brings a sense of movement and wonder to the scene. Nearby, flamingos add flashes of pink beside reflective waters, while oversized passion flowers bloom beneath jungle canopies, creating a peaceful setting where nature's power and elegance coexist.

South Bed
Towering giraffes welcome guests into the South Bed, where cascading greenery, vibrant blooms and blue herons create a tranquil jungle setting. Standing beside the giraffes, the herons symbolize patience, wisdom and quiet reflection. Also located within the South Bed, **The Watering Hole** invites guests into Bellagio Conservatory's first-ever nightly cocktail experience.

The Garden Table & The Watering Hole
Surrounded by glowing lanterns and the rhythm of the jungle, guests can discover two unique culinary experiences within the Conservatory. Located in the West Bed, **The Garden Table** returns with a treehouse-inspired dining retreat tucked within the Conservatory floor, serving breakfast and brunch selections from Sadelle's ($135/pp) and dinner from Michael Mina Bellagio ($195/pp). To book and find more information, call 702.693.7075 or go online.

Debuting for the first time, **The Watering Hole** transforms Bellagio Conservatory's South Bed into an exclusive nightly cocktail experience and immersive after-hours escape in the heart of the jungle. Inspired by hidden gathering places found deep within the wild, this intimate lounge invites guests to discover a setting where artistry, elegance and impeccable hospitality converge amid the breathtaking beauty of the Conservatory. Surrounded by enchanting floral displays and dramatic jungle-inspired scenery, guests will indulge in a curated cocktail experience featuring expertly crafted cocktails paired with elevated small plates. Reservations are available daily at 6 p.m., 8 p.m. and 10 p.m. and can be booked online. Pricing begins at $500 plus tax for parties of up to four guests and $1,000 plus tax for parties of five or more. Guests must be 21 years of age or older to experience The Watering Hole.

Golden Hour at Bellagio's Conservatory & Botanical Gardens
For those seeking an even more exclusive way to experience the Conservatory, Bellagio offers **Golden Hour**, a private after-hours experience available exclusively to Gold, Platinum and NOIR MGM Rewards members. During Golden Hour, visitors can enjoy private access to the Conservatory before it reopens to the public, allowing them to experience the seasonal display in an intimate setting while enjoying complimentary alcoholic and non-alcoholic beverage offerings. Guests should enter through the left-side Conservatory entrance near Giardini and present an active MGM Rewards card upon arrival. Golden Hour takes place from 4 to 6 p.m. on July 17, Aug. 21, Sept. 18, Oct. 16 and Dec. 18. The Conservatory is closed to the public from 3 to 6:30 p.m. on Golden Hour event dates.

Sustainability at the Conservatory
Water used in Bellagio's Conservatory and Botanical Gardens comes from on-site underground wells that use rain and recycled water from the resort, avoiding the use of municipal potable water. The water in the Conservatory is also recycled throughout the exhibit and reused at the resort. Bellagio's water conservation efforts are part of MGM Resorts International's overall sustainability commitment.

At the conclusion of each display, plants and botanical material without remaining viable life are separated for collection by a local composting facility. The organic waste is made into compost products to help improve the environment. This method of recycling keeps thousands of pounds of waste out of local landfills and turns it into something that improves the region's soil, air and water quality.

"Paradise" 2026 Summer Display by the Numbers

- **20,450:** Plants featured throughout the display
- **8,500:** Assorted goose feathers adorning the tigers in the North Bed
