LAS VEGAS (October 29, 2026) - W Las Vegas has unveiled a multifaceted evolution of its beverage and social programming, marked by the reopening of **Skyfall Rooftop Bar & Lounge** and the debut of **Living Room**, the brand's signature lobby lounge. Together, the dual concepts establish an elevated day-to-night journey on the south end of the Las Vegas Strip, uniting panoramic skyline views, bespoke mixology, and visionary interior architecture, conceived by the internationally acclaimed architecture and design firm Rockwell Group.

The reimagined spaces reflect the hotel's commitment to dynamic luxury and cocktail craftsmanship, pairing vibrant nightlife energy with refined, design-led social hubs, designed to spark connection and self-expression.

Perched 64 floors above the Las Vegas Strip, Skyfall returns following a comprehensive architectural and conceptual redesign, pairing panoramic vistas, warm contemporary interiors, and an avant-garde cocktail program that transitions effortlessly from golden hour to vibrant late-night revelry. In the lobby, Living Room introduces a botanical-forward lounge experience, infusing seasonal herbs, floral infusions, and artisanal spirits into a relaxed yet stylish setting. Together, these spaces sophisticatedly blend glamour, futuristic energy, and immersive nightlife to capture the true spirit of Las Vegas while embodying the bold, playful quality signature to a W hotel.

"With the reopening of Skyfall and the debut of the brand's signature Living Room, we are redefining what nightlife and the lounge experience look like at W Las Vegas," said Zoey D'Arienzo, Vice President of Food & Beverage for Mandalay Bay and W Las Vegas. "Skyfall offers an elevated, sky-high retreat with unrivaled views of the Strip, while Living Room creates a warm, modern space centered around craft cocktails. Together, these concepts deliver a seamless day-to-night social destination."

THE EVOLUTION: Curated Beverage Programming

Both venues debut distinct cocktail programs that blend bold flavor, botanical influences, and visually striking presentations.

Skyfall Rooftop Bar & Lounge

Skyfall celebrates a dramatic renaissance, with warm, rich tones and refined metallic accents framing an intimate, modern cocktail destination. Featured cocktails include:

- **Mojave Muse:** A botanical, floral creation featuring butterfly pea flower, kaffir lime infusion, Giffard Lemongrass syrup, and Fever-Tree Sparkling Cucumber, crowned with an aromatic violet-infused gin float.
- **Dirty Little Secret:** A sophisticated, savory reimagining of the classic martini combining Beefeater Gin, Dolin Dry Vermouth, olive brine, and orange bitters, garnished with hand-stuffed bleu cheese olives and elevated by a caviar pairing.
- **Skyline Spritz:** An effervescent, artfully balanced refreshment featuring Grey Goose Vodka, Sarti Rosa, strawberry-lychee cordial, fresh lemon juice, and peach bitters, garnished with dehydrated strawberry and delicate edible blossoms.

Living Room

Located adjacent to the W Las Vegas arrival lobby, Living Room complements Skyfall's sunset-hued aesthetic with garden-inspired cocktails and craft mocktails:

- **Raspberry:** An effervescent, regal aperitif marrying artisanal botanical spirits, house-crafted raspberry syrup, fresh lemon, and botanical cordials, elegantly finished with delicate effervescence and edible blooms.
- **Rose:** Living Room's floral interpretation of the classic Lemon Drop, crafted with house-made rose sugar, Tito's Handmade Vodka, Giffard Crème de Rose, fresh lemon juice, and Madagascar vanilla.
- **Ube:** A vibrant reimagining of the traditional tiki classic, highlighting the rich earthiness of ube layered with Mount Gay Eclipse Silver Rum and tropical citrus accents.
