Beau Rivage is now offering gumbo by the gallon to go!

BILOXI, Miss. (Nov. 24, 2026) – Celebrate more and stress less this season by letting the culinary team at Beau Rivage prepare your gourmet gumbo to go for your next holiday gathering. Coraline's award-winning gumbo is now available by the gallon to go.

The gumbo, the same award-winning gumbo enjoyed at Coraline's, is loaded with Gulf shrimp, blue crab, sausage and crawfish.

"There's nothing quite like a good pot of gumbo. It brings people together and is meant to be shared with family and friends," said Coraline's Chef Austin Dedeaux. "Coraline's gumbo is made with quality ingredients, a touch of Southern tradition, and plenty of Gulf Coast flavor. We're excited and honored to make it available by the gallon to Beau Rivage guests and share a little taste of the South with everyone who enjoys it."

Coraline's Gumbo can be purchased at The Roasted Bean and comes frozen in a gallon container for $125.

For best results, thaw in the refrigerator and warm slowly in a pot on the stovetop, stirring occasionally. Cool completely before refrigerating leftovers.
